

OUR *SUPPLIERS*

In our pursuit of excellence in sustainable events, we understand that our impact extends well beyond our own actions.

It's deeply connected to the partners and suppliers we work with throughout the year. We therefore strive to collaborate with organizations that share our commitment to environmental responsibility and ethical practices.

Every event we organize is a collaborative effort, relying on our trusted partners who support us in various aspects of our work, all while adhering to our best practices, environmental commitments, and core values of sustainability.

As strong advocates of sustainability, we believe our suppliers play a vital role in our mission of environmental excellence. That's why we actively engage them in our commitments and encourage them to adopt our best practices.
